Type: Furniture, Fitout, Av and IT

Casestudy

Gamma Healthcare were established 10 years ago, as a specialist supplier of healthcare cleaning products. They recognised a requirement within the healthcare sector for a considerable improvement in cleanliness and wanted to move to a modern and fun office environment.

Their biggest client is the NHS, but they also supply to dentists, doctors and care homes. Under their own brand name, they developed the first universal disinfectant wipe available in the UK and since then have constantly manufactured more new and innovated products.

Gama have recently purchased an 8000 sqm warehouse in Watford and were looking to fit it out mainly as offices but also providing a training room fully fitted with hospital equipment to encourage employers to learn.

Their new offices are modern and open plan spread across two floors, creating a dynamic office environment. The project included a hybrid Cat A and Cat B fit-out and alterations to the base building services were made.

This included enhancing the thermal properties of the building, structural changes to the internal staircases and updating toilets and shower facilities. Their project also included

meeting room facilities, a variety of work settings and several hot desks.

Gama Health Care originally were introduced to Plus Finance by one of our contractors. All parties involved provided fast and excellent customer service to ensure their project was organised and complete, enabling them to move into their new build offices in a short period.

Access to leasing helped our client to grow their business and work in a more vibrant office environment while moving in a short timescale.

“ We were looking to move in a short period of time from our previously leased offices .We had several goals to achieve including extending our business and delivering a fashionable look to our new build offices. I liked the way how quick and easy Plus Finance packaged everything together. Mark, Gama Healthcare Ltd ”

Leasing helped our client to

- » Have all their office fitted quickly, without having to wait for it!
- » Grow their company whilst transforming their look
